

Anti-Negro Leaflets On South Side

By ROBERT H. COLLINS
Of the Post-Dispatch

Nazi propaganda leaflets, primarily anti-Negro in content, have been distributed in scattered areas of south St. Louis in the last few days, the Post-Dispatch learned today.

"Communist revolutionaries, using the militant black masses, are at this moment preparing for a terror-campaign in the City of St. Louis," the leaflets say. "The racial attacks on our white people will be centered in St. Louis starting early next year!"

Frank Collin, Chicago, Midwest organizer of the National Socialist White People's Party, was asked whether he was responsible for the leaflets.

"Yes," he replied, "We sent 2000 of them to our people in St. Louis for distribution in areas where they thought our message and warning would get the best reception. This is only the beginning of our campaign to bring the truth to the white people of St. Louis who are allowing themselves to be terrorized by the black savages."

At the top of the leaflets are a swastika and the heading: "Black terror or white Unity?"

"White people, do not allow yourselves to be terrorized!" the Nazi message says. "Stand now against the storm of race war and communist anarchy soon to come! Only in a mighty unification of our disunited white people can we hope to survive the terror and chaos soon to confront us."

Workers And Youth

Other paragraphs of the leaflets are directed to workers and white youths:

"The honest white workers will suffer the arrogance of black rabble-rousers who demand high positions on the job line without earning those positions. This criminal intrusion by a stupid, savage minority will slow construction in St. Louis and result in the loss of employment for thousands of White working men ...

"The white youth will bare the brunt of Negro savagery in the high schools, where the battle for our survival as a race is being determined ..."

The leaflets are signed by the National Socialist White People's Party, the new name for the American Nazi Party. The leaflets carry a Chicago post office box number.

Cairo Effort

Collin said that he is still trying to work out arrangements with Cairo, Ill., officials for an appearance there with other Nazis from the Chicago area. A few weeks ago, Collin claimed that his right of free speech was being denied by Cairo authorities because they refused to let him hold a rally there.

He and other Nazis slipped into Cairo last summer and distributed anti-Negro leaflets when racial tension was at a peak there. Police demanded that the Nazis leave the city, and they did.

Since that time, Collin has been trying to arrange another Cairo visit that would have the approval of city officials.

"At least, the Cairo city attorney is corresponding with me now about this matter," Collin commented. "For some time, the officials there wouldn't even answer my letters."

Collin said that Nazis "all over the country are interested in Cairo because the white people there have shown the will to resist the black savages. In the rest of the country, the white people are scared. They are taking it lying down. Their attitude is 'as long as they don't bother me, I'm not going to fight.'"

"But the people of Cairo have shown that they are not going to take it lying down. They have shown that they will shoot back. This is a wonderful tribute to the white people of Cairo. We have high hopes for those people. They will not be beaten down."

Collin said that "the white anarchists and the black savages are going to be stopped in the Midwest. The East Coast has been Jewized. The South has been beaten down. The West Coast is overrun with kooks of all descriptions, so it is white Midwest courage that is going to stop the anarchists and the black savages. The white Midwest is angry. All it needs now is strong leadership and it then will do what has to be done."
